

Along the Amalfi Coast driving a vintage car!

Experience the **Amalfi** in a different and exciting way: driving a vintage car on the scenic winding roads through the towns, colours and aromas that have made this area world famous for being the playground of the Gods.

Your day will begin in fabulous **Sorrento** where the Tour Director will give you your four wheeled jewel of yesterday and explain the functionalities. From **Sorrento** you will head out to **Positano** cruising on small winding roads hanging on the edge of breathtaking cliffs where your destination will be waiting for you amidst the splendid blue of the **Mediterranean sea**.

Take a stroll through the town, visit the bright coloured 'Maiolica' Dome of Santa Maria Assunta, absorb the glam side of the town which created "**Positano fashion style**", which is only one of the many reasons tourists flock from over the world to the pathways and boutiques each summer.

Time to get back to your car and head out to **Ravello**, on top of the **Dragon Valley**. Once you get here you will experience the feeling of being in a town and garden at the same time.

Enclosing endless amazing views, and examples of traditional architecture, the beauty of **Ravello** has been charming travelers, and artists of all nationalities for centuries. Enjoy lunch in a local characteristic trattoria, where you will have the unique chance of sampling the real cuisine where the fresh and simple ingredients will remain scarred in your memory.

Last stop: **Amalfi**. The pearl of the coast which gives the name to the whole area. White houses clinged on the rocks oppose a deep blue sea. Stop here and enjoy the flavours and smell of lemons, oranges, and many others fruits of this land.

Wave a last goodbye to the wonderful **costiera amalfitana** and drive off in your vintage spider with the wind in your hair.

A unique experience which will stay in your heart for a lifetime!

Duration: Approximately 8 hours

Includes:

- the use of the car
- insurance
- on site assistance in English
- parking
- lunch with selected beverages

Notes:

- The tour director will follow the clients throughout the whole tour on a separate car
